

Knowledge is Power

Knowledge! Oh Oh.
Got a hold, got a hold of me now.
I'm expanding my mind it's time to shine.
Better roll. Oh oh.
Get down with the facts, on track to maximise my potential credentials.
Cause Knowledge is Power!

Start my day with my head in a book, yeah!
Page turn, book worm. I'm learning tales, facts. How to make bees wax.
Not to mention Thor with his battle axe!

Maths! Problematic? Not a problem for a child that can hack it.
With a subtract, divide, multiply.
Carry the 2, I'm pretty fly, I'm a bright guy!

Hey! Let's get physical!
I can run, I can turn, I'm a miracle.
Bouncing balling, rolling, falling. Ring! Ring! The Olympics are calling!

H to the I to the S T O R Y
I'm a time machine and I'm flying high
The Greeks and the Ancient Egyptians. Their stories all feed my wisdom!

Chorus

Ooh, I'm Cezanne, Picasso, Matisse, Da Vinci
Man I'm bringing all the colours like a beautiful rainbow.
Singing out a chorus in a tuneful tableaux

Science? Let's go! With Physics, Biology, Chemistry trio!
Use the Force. Feed the Tree. Boiling Point is 99.3!

Music, I can use it. Shake my maracas to a Motown Groove
It can't be wrong to feel so good.
Let out my feelings with a knock on wood.

Did I mention I'm a masterful wordsmith.
Busting out rhymes, Eminem perfect!
Reading, Leading, Feeding, Heeding! It's my story and I'm succeeding!

Chorus
